CONTINENCE MANAGEMENT PROGRAM

Questions about product selection? Contact one of our product experts at :

www.SilverLiningsHC.ca
+1.833.733.3146
orders@SilverLiningHC.ca

Silver Linings Healthcare partners with leading manufacturers to support a personalized approach to continence management for each resident.

Our Continence Management Program offers a wide selection of brand name products like TENA, Prevail, Attends and others to fit any preference and budget.

DISCREET CONSULTATIONS

We provide an individualized approach to continence management through personalized, discreet assessments. Our product recommendations are focused on the right products, right fit and proper absorbency to help risk of skin irritation.

FREE SAMPLES

Samples are available with no risk *Try Before You Buy* option, ensuring confidence in the product.

SAVINGS

Using quality products that fit right and offer appropriate absorbency will result in increased comfort, discretion, product optimization and reduced usage translating to cost savings.

CUSTOMER SUPPORT

Our Team of continence care experts will ease the selection process through product education and recommendations, promoting proper fit and correct application for comfort and protection.

CONVENIENCE

Rain or shine, snow or ice, we deliver right to your home.

Terries Slipper Socks. Double Imprint.

Provide warmth, comfort and are an excellent choice for patient that are returning to their feet.

HOME HEALTHCARE PRODUCTS

Silver Linings Healthcare offers a comprehensive selection of medical supplies and equipments to address:

Mobility and aids to daily living
Catheters
Ostomy
Personal protection apparel and Hygiene
Skin health

LYMPHEDEMA & COMPRESSION THERAPY

Managing venous and lymphatic diseases can be complex. We offer a full range of products that address varying conditions and disease state with broad sizing, ease of fit and budget options.

Training and education
Highest quality compression, bandages and farrow wraps
Convenient home delivery
Competitive pricing
Direct insurance billing options available

NUTRITIONAL PROGRAM

Older adults are often at a higher risk of malnutrition which could impact one's quality of life. Often undetected & untreated, it may impact functional impairment with increased morbidity leading to hospitalization.

Our team can assist by identifying at risk residents through early intervention prior to significant weight loss thereby nurturing better outcomes.
