# Absorbency Droplet Guide

**Liners & Pads**

Ideal for **light to heavy bladder leakage protection**, liners are designed to be **easily worn with regular underwear**.

- Discreet and easy to change, ideal for added protection during the day.
- Ideal for light protection without feeling bulky.

**Protective Underwear**

Ideal for **light to heavy bladder** protection, **designed for active and independent men and women**. Provides full coverage, comfort, and ease of use.

- Offers a body-close fit for easy movement, though heavier incontinence may require more frequent changes.

**Briefs**  
(Adult Diapers)

Provides comfort and dignity, **with a secure trim fit** for **moderate to heavy bladder and/or bowel protection**.

- Provides maximum absorbency with adjustable tabs for easy changes, ideal for less mobile users or those needing caregiver assistance.

## Underpads

- Regular Underpad 17 x 24 Inch
- Bariatric Underpad 26 x 36 Inch
- Air Flow Underpad 23 x 36 Inch

### PureWick™ for women and men.

The **PureWick™ System** Offers effective nighttime incontinence management for the user by wicking urine into a canister maintaining drier skin and promoting better sleep

*It's comfortable for use while lying down, reclining, or sitting.*

**Silver Linings** is now a preferred partner of **BD-Canada**, bringing you the innovative **PureWick™ system** for improved patient care and comfort!

**Discover**  
the best fit  
for your needs!

# OUR PROGRAMS

## Continence Management

Silver Linings Healthcare partners with leading manufacturers to support a personalized approach to continence management for each individual's unique needs.

Our Continence Care Management Program offers a wide selection of brand-name products like TENA, Prevail, Attends and others to fit any preference and budget.

### Free Samples

Product samples are available with our no-risk 'Try Before You Buy' option, ensuring confidence in product selection.

### Customer Support

Our team of continence care experts will simplify the selection process by providing product education and personalized recommendations, ensuring a proper fit and correct application for maximum comfort and protection.

### Discreet Consultations

We offer a personalized approach to continence management with discreet assessments tailored to each individual. Our product recommendations prioritize the right fit, proper absorbency, and optimal product selection to minimize the risk of skin irritation.

### Savings

Choosing quality products with the right fit and absorbency enhances comfort, discretion, and product effectiveness, while reducing usage and leading to cost savings.

### Convenience

Rain or shine, snow or ice, **we deliver right to your home**

## Home Healthcare Products

Silver Linings Healthcare offers a comprehensive selection of medical supplies & equipment including:

- Mobility and aids to daily living
- Catheters
- Ostomy
- Personal protective equipment
- Skin health

## Lymphedema & Compression Therapy

Managing venous and lymphatic diseases can be complex. We offer a full range of products that address varying conditions and disease state with broad sizing, ease of fit and budget options.

- Training and education.
- Highest-quality compression, bandages, and farrow wraps.
- Convenient home delivery.
- Competitive pricing.
- Direct insurance billing options are available.

## Nutritional Program

Older adults are often at an increased risk of malnutrition, which can negatively affect their quality of life. When left undetected and untreated, malnutrition can lead to functional impairments and decreased mobility, potentially resulting in hospitalization.
